A BIG BATTLE RAGING

Rival Forces Believed to Be Engaged Below Mukden.

REPORTS OF SHARP FIGHTING AT HAND

Desperate Attack on a Strong Russian Position Finally Repulsed—Japanese Activity Continues at Port Arthur. Two of the Capt. Desrochers Captured by the Yellow Men.

St. Petersburg, Nov. 21.—The suspense engendered by the Japanese attack on Port Arthur, below Mukden, continues. This movement has proved unsuccessful. It aimed merely to capture a Russian position, but whether it was intended to mask activity at some other point along the front has not yet developed. Some correspondents believe that they consider significant Japanese movements on the Russian right, and others that a Japanese column is moving 50 or 60 miles eastward; but the opinion in military circles seems to be that no great movement is likely to transpire before the fate of Port Arthur is decided. At the same time it is recalled here that General Kurapatkin's great aggressive movement of last month was in full swing a week before the outside world realized what was occurring.

The attack on Port Arthur shows the efficacy of the Russian defensive works. Two battalions engaged in the attack occupied the first line of the Russian trenches, but at the second line were caught in pits and entanglements and exposed to a galling fire. A Russian bayonet attack completed their demoralization. The weather continues mild, with clear nights, which are favorable to night attacks. There are many rumors of Japanese activity on both flanks, but there is nothing tending to show that a general engagement is more imminent than heretofore.

Reforms Sought in Russia.

St. Petersburg, Nov. 22.—The memorial adopted by zemstvo representatives reads as follows: "In order to secure the proper development of the life of the state and the people, it is imperatively necessary that there be regular participation of national representatives sitting as an especially elected body, to make laws, regulate the revenue and expenditure and control the legality of the actions of the administration." This is the final form of the petition favoring election of a body not merely to participate in legislation as at first reported, but to be entrusted with the framing of the laws of the empire. The meeting also adopted a declaration in favor of granting general amnesty to political offenders imprisoned or exiled by administrative order. This completed a program declaring the necessity of participation by the people in the government, was signed by 102 zemstvo presidents, including 30 presidents of provincial zemstvo committees out of 32 who had attended the meeting. The signatories also included five marshals of the nobility, the elections to which officers are also confirmed by the government.

Russian Magazine Exploded.

Tokyo, Nov. 21.—A dispatch from the army besieging Port Arthur, dated Nov. 19, says: "During the bombardment this afternoon a shell from a Japanese gun exploded a Russian magazine near the arsenal. Our operations against all the forts are proceeding as prearranged from Manchurian headquarters. At noon today we shelled the Russian infantry engaged in entrenching east of Reluchingtung, and also infantry in the rear of the villages, causing them to flee in confusion. In other directions there is no change to note."

Stoessel Can Hold Out.

St. Petersburg, Nov. 19.—Lieutenant General Stoessel's report expresses a firm conviction that he will be able to hold out at Port Arthur until the Baltic squadron arrives in March, on the condition that he is supplied with munitions and stores. The government has instructed its agents abroad to supply General Stoessel's requirements at any cost. Emperor Nicholas will leave for Caucasus on Dec. 3 to aid St. Petersburg.

Japan Advancing.

Mukden, Nov. 22.—The Russian detachments occupying Da pass have receded before the Japanese column, 1,000 strong. The Japanese are reported to be advancing toward Sinitatnia.

Indicted For Negligence.

Knottville, Tenn., Nov. 17.—W. B. Caldwell of this city, who at the time admitted his responsibility for the terrible wreck on the Southern railroad near Newmarket, Tenn., early in September, in which 62 lives were lost, has been indicted by the grand jury of Jefferson county, Tenn., for criminal negligence. Caldwell was conductor of the westbound passenger train, which overran its orders to meet the eastbound passenger train at Newmarket, and crashed into the eastbound train a few miles west of Newmarket.

Miners' Conference Called.

Charleston, W. Va., Nov. 19.—At a meeting of the United Mine Workers of District 21 it was decided that a conference with the operators be held here Tuesday for the purpose of settling the strike in the Kanawha coal fields. Several thousand miners are on a strike and about 75 miles are tied up.

Father Defeated; Killed Himself.

Cynthiana, Ky., Nov. 21.—Ad Casey, son of ex-Sheriff Tom Casey, who was defeated in the Democratic primary Saturday for county judge, shot himself. It is supposed that the deed was on account of depression over his father's close defeat. Young Casey is not expected to live.

FIRE AT CINCINNATI

Destroyed Property Valued at Three Quarters of a Million.

Cincinnati, Nov. 21.—Losses approximating \$750,000 were caused by fire on the south side of Fourth street, between Walnut and Main streets, and also on Main street near Fourth. It started in an abandoned building in the rear of the Pounsdorf Stationery company. There was a strong breeze that caused the flames to spread rapidly so that with the whole fire department at work it required several hours to get the conflagration under control. The loss on the several five-story buildings was \$140,000, distributed as follows: Meicken estate, \$75,000; Rudolph Wuritzer, \$40,000; Baker estate, \$10,000; Sammet Brothers, \$10,000; J. Frank Jones, \$5,000. The heaviest losses were on stocks of merchandise, as follows: The Rudolph Wuritzer company, pianos, \$200,000; the Pounsdorf Stationery company, \$60,000; F. A. Schmitt & Sons, manufacturers of glassware, \$55,000; Queen City Windowless works, \$40,000; the Lorice Andrews company, jewelry manufacturers, \$45,000; Sammet Brothers, tailors, \$7,000; Thomas Kennedy, type machinery, \$12,000; J. M. Elfers & Co., \$15,000; F. H. Berning & Sons, tobacco, \$15,000; Benziger Brothers, \$5,000; Black Publishing company, \$5,000.

Ohio Valley Improvement.

Huntington, W. Va., Nov. 18.—The Ohio Valley Improvement association elected officers as follows: President, John L. Vance, Columbus, O.; secretary and treasurer, J. F. Ellison, Cincinnati; Vice presidents, H. A. Martling, Ironton; D. J. Sinclair, Steubenville, Kentucky; W. W. Hite, Louisville; W. A. Patton, Calletsburg; T. A. Fowler, Paducah. Resolutions were adopted, petitioning congress to improve the Ohio river to secure a 9-foot stage from Pittsburgh to Cairo, to make appropriation for improvement and completion of work already begun, and to improve tributaries to a 9-foot stage.

Street Tragedy.

Huntington, W. Va., Nov. 21.—Anthony Martin was stabbed to death on the street here by Burke Coon, son of a Cincinnati John Coon. Martin and Samuel Rittenhouse, while walking along down the street, stopped a colored man and asked him for a match. Coon was passing in the opposite direction and he made the remark that no gentleman would ask a negro for a match. The men came to blows and Coon stabbed Martin to death. Coon also plunged his knife into Rittenhouse, making an ugly wound in the back, but he will recover. Coon walked up street with the bloody knife in his hand and surrendered to the police.

West Virginia Strike.

Charleston, W. Va., Nov. 17.—Several thousand miners are now on strike in the Kanawha coal fields and about 75 miles are tied up. The miners will have a meeting here to decide how they shall meet the situation. The operators are employing nonunion men to fill the places of striking miners. John Nugent, president of district No. 17, United Mine Workers of America, issued a statement in which he denied the allegations of the Kanawha coal operators that the miners would not submit the question of dispute to arbitration, according to the agreement of last May.

Kentucky Physician Robbed.

New York, Nov. 19.—Dr. Samuel J. Holley, a prominent physician of Lexington, Ky., and Mrs. Holley, who are in this city, have reported to the central detective bureau that one of their trunks had been robbed of jewelry valued at nearly \$20,000. The stolen jewelry consisted of a string of pearls worth \$15,000; it is said a diamond ring worth \$1,000, a stick pin and a number of miscellaneous articles of jewelry. The string of pearls was an heirloom which had been in the possession of the Holley family for over a century.

Planter Shot and Killed.

Williamsburg, Ky., Nov. 19.—George Curd and Emma Durham were killed and Thomas Curd was fatally wounded near Cumberland Falls. The Curds lived on a large tract of land and had trouble with squatters. As they were passing the cabin where the Durham woman lived they were fired upon. Thomas crawled two miles to his home. George was dead when found. The Durham woman was probably killed and burned to cover identity. The shooting occurred from her house.

Triple Marriage.

Chippewa Falls, Wis., Nov. 22.—Rev. M. E. Nelson, Andrew Nelson and Charles Nelson and Jessie Johnson, three brothers and three sisters, were married at the same time. They were married at the residence of Rev. Nelson, who officiated, asked Rev. Nelson, one of the newly married brothers, to marry him to one of the guests. All the bridegrooms and all the brides will go in a party to the world's fair for a honeymoon trip.

Politician Run Down.

Parkersburg, W. Va., Nov. 24.—S. H. Piersol, member from West Virginia of the Populist national executive committee, who had been his party's candidate for governor, was killed by a Baltimore and Ohio engine while walking toward Parkersburg from his home in the country.

After Sixteen Years.

Bakersfield, Cal., Nov. 22.—William Crutchfield, a middle-aged man, walked into the county jail and gave himself up to the police authorities, saying he was implicated in a murder committed in Winston, N. C., 16 years ago, and that he and three other boys were the guilty persons.

BUNCHED PARAGRAPHS

RELATING TO AFFAIRS IN THIS AND ADJOINING STATES.

Passing of Colonel Breckinridge, the Famous Warrior and Statesman. Killed by Negroes Episcopal Bishop of Kentucky. Other Mentions.

Lexington, Ky., Nov. 21.—Colonel W. C. P. Breckinridge, the great statesman, died of paralysis at 11:45 Saturday night. The end was calm and peaceful. He was partly conscious in the last half hour. Oxygen had been administered all day long in the hope of prolonging life, but the efforts of the physicians were to no avail. Mr. Breckinridge was stricken early in the week while at his desk, and steadily grew worse. The family was at the bedside when he passed away.

The deceased was a member of that well known Kentucky family which has given the country distinguished men in every generation for over a century. His father, Dr. Robert J. Breckinridge, was a Presbyterian clergyman, who was the pastor of a Baltimore church when his son was born near that city Aug. 28, 1837. The son was educated in the Blue Grass state. He was graduated from old Center college, Danville, in 1855, and immediately began his law studies at the University of Louisville.

Mr. Breckinridge commanded the Ninth Kentucky cavalry (Confederate) during the civil war, his valor winning him renown. After the war he practiced law at Lexington, and achieved a national reputation. Entering politics he represented the old Henry Clay district in congress, serving five terms. Colonel Breckinridge retired from politics in 1890. He was married three times. His wife Breckinridge, 45, his only son, survives him.

The Funeral.

Lexington, Ky., Nov. 22.—The funeral of Colonel W. C. P. Breckinridge was the largest since the funeral of Henry Clay and Senator James S. Beck. Leading citizens from all over the Blue Grass region and law-abiding men prominent in other cities were present. All the local civic bodies, Confederate comrades, Fayette county bar and other bodies to which he belonged attended in a body and formed into the procession which escorted the body to the cemetery.

Episcopal Bishop of Kentucky.

Louisville, Ky., Nov. 17.—After a session lasting 10 hours, during the course of which 15 bishops were taken, the diocesan council, elected Dr. Charles Edward Woodcock of Detroit Protestant Episcopal bishop of Kentucky. The election of Dr. Woodcock came in the nature of a surprise, as his name was only proposed after hours had been spent in fruitless balloting. Dr. Frank De Moulins of Chicago and Dr. W. T. Manning of New York as the leading candidates. At one time Dr. De Moulins lacked only one vote of securing the necessary majority of both laymen and clergy. Dr. Woodcock is at present rector of St. John's church, Detroit. He is a New Yorker by birth.

Killed by Negroes.

Lexington, Ky., Nov. 21.—William Moore, a laborer, was killed by three negroes, who attacked the white man in a saloon. Moore leaves a wife and 10 children unprotected for. He was standing in a saloon talking to two other white men when the three negroes, Jim Garfield, John and E. Taylor, came in, and with the words, "We will beat you out of your white goods," began firing. Moore fell with out a word. Two others escaped by hiding behind a post, which was penetrated by two bullets. Ed Taylor and Garfield were caught and lodged in jail. John Taylor is a paroled convict. Sentenced to 10 years for murder, he has served five years.

Man Dispersed.

Lexington, Ky., Nov. 22.—The prospect of a mob which had formed on the outskirts of the city loomed in the jail, in which Ed Taylor, Garfield Smith and John Taylor are confined, was so pronounced Monday night that County Judge Bullock advised that the militia be called out. Constables and deputy sheriffs to the number of 50 had already been put on guard at the jail and all the day long called upon their heads to reinforce the night force. A mob of 300 that attempted to march on the jail was dispersed.

Lou Dillon Falls.

Memphis, Tenn., Nov. 18.—C. K. G. Billings, Lou Dillon for the second time within the last two days failed to beat her recently established record of 2:01, regarding which time a controversy has arisen. Accompanied by a runner, the trotter driver, William Lillard Sanders, her trainer, stepped the mile in 2:03 flat. The weather was ideal and the track fast. Time by quarters: 31 1/4, 1:01 1/4, 1:31 1/4, 2:03.

Would Surrender Taylor.

St. Louis, Nov. 18.—With the inauguration of Governor Hanly Jan. 9, 1905, William S. Taylor, the fugitive from Kentucky, who has been protected by governors of Indiana since the assassination of Governor William Goebel, probably will have to seek another refuge. A close personal friend of the governor-elect said that Mr. Hanly would do his duty by all states making requisitions on him.

Merchant Shot.

Huntington, W. Va., Nov. 19.—Nash Bailey, a prosperous merchant, was shot and instantly killed on the street at Panther by Roscoe Henderson, who led the hills. He is still at large, though being pursued by a party of his victim's friends. Bad blood arising from differences in politics was the cause of the shooting. Bailey and Henderson were friends until a few weeks ago.

NATIONAL GRANGE.

Officers' Reports Show It Has Taken Strides During the Year.

Portland, Ore., Nov. 22.—Master F. A. Devlin of the Old Grange, member of the national executive committee, introduced a resolution at the proceedings of the national body relative to the introduction of industrial education in country schools. The resolution was referred to the legislative committee. Governor N. J. Bacheller of New Hampshire, grand lecturer, introduced a resolution suggesting industrial corn as the national floral emblem of the order. The resolution was passed unanimously. The report of officers continued, all reports showing that the grange has taken strides during the past year.

To Assist Textile Workers.

San Francisco, Nov. 19.—By unanimous vote the delegates to the American Federation of Labor decided to aid the striking textile workers of Fall River, Mass., to the extent of \$25,000 per week for three weeks. If by the end of this time it is found that the strike is not broken, the executive council will if it sees fit continue the donation. The money for the purpose is to be raised by an assessment of one cent each week levied on each member of every labor organization affiliated with the American Federation of Labor. Stirling and impassioned addresses on behalf of the workers of the Fall River district were delivered. Delegate Driscoll of Boston put the motion before the house, which was carried amid the cheers of the entire convention.

Demonstration Against Austria.

Rome, Nov. 15.—An impressive meeting to protest against the Innsbruck affair was held at the Quirino theater. All the speakers called upon the people of Rome to make a solemn and dignified protest, worthy of a civilized people, against the rights against the killing and maltreatment of fellow Italians whose only offense was that they stood for their race in history, nationality and culture. The speeches were frequently interrupted with storms of applause, mingled with invectives against Austria. Practically the whole population of Rome, except the Socialists and anarchists, participated in the demonstration. An attack on the Austrian embassy was frustrated by the police.

No Evidence of Suicide Pact.

Chicago, Nov. 22.—Suicide, while temporarily lulled over the loss of her betrothed was the verdict of the coroner's jury in the case of Ella Gesterling, whose dead body was found in the girls' apartments at the Vendome hotel. The death of the young woman, according to the police theory, may have been the result of a suicide agreement entered into by the dead girl and Charles A. Parker of Cincinnati, a well known railroad official. Parker died suddenly in Cincinnati under circumstances that might indicate that he had taken his own life. The inquest in the case of Miss Gesterling, however, failed to bring out any confirmation of the alleged pact.

Two Weeks and Two Fatalities.

Wellston, O., Nov. 17.—Two weeks occurred in the Cincinnati, Hamilton and Dayton yards here, resulting in the loss of two lives and seriously injuring two men. Spreading rails wrecked a coal train. Fireman William Blevins was killed. The second accident occurred near Superior, Mo. 6 miles a treacherous way and allowing the engine and several cars to drop down the embankment. Engineer Thomas Richards was killed and Fireman John Burns and brakeman Zacharia Decker were seriously injured.

Indians Starving.

San Diego, Cal., Nov. 4.—Indian Agent Charles E. Schell of Pala and Charles F. Lummis, the well known author, have spent six days among the Indians on the Colorado reservation in this county. They say that there are nearly 200 Indians, hard working, intelligent farming people. No rain has fallen to start the seed planted and the unfortunate are now subsisting chiefly upon acorns. "Unless relief comes," said Mr. Lummis, "all the Indians will be dead before New Year's day."

Ohio Drivers Perished.

Washington, Pa., Nov. 21.—In a collision between two cattle trains on the Baltimore and Ohio road at Wyland station S. E. Wilson, a driver of New Concord, O., was burned to death, and Frank McCoy, a driver from the same place, was crushed to death. Both trains were eastbound and the accident happened at this water tank, where the first section stopped to take water. The engineer of the second section claims no flagman warned him.

Academy Burns.

Cairo, Ill., Nov. 19.—Fire started in the second story of the Loretto academy, located in this city, and all the academy buildings with their contents were totally destroyed, causing a loss of \$20,000. The academy was one of the oldest educational institutions in the state, having been established by the Loretto sisters during the war and conducted by them until last year, when it passed under the control of the Benedictine sisters.

Peace Jubilee Exhibition.

Chattanooga, Tenn., Nov. 19.—The first announcement has been made of a formal movement to hold in this city in 1915 a world's fair to be known as the semi-centennial peace jubilee exposition, commemorating the end of the war between the states. It is learned that assurances of aid from the government and various organizations has been secured.

Choked on Grain of Corn.

Middleburg, Ky., Nov. 21.—The child of Robin West, near Helenwood, choked on a grain of parched corn and died.

On the Increase

World's Fair Travel Getting Heavier.

While the volume of travel to St. Louis on account of the World's Fair has not quite come up to the expectations of the World's Fair management on the railroads, it has been as large as was expected, all things considered.

The summer months, so far as attendance is concerned, will be September, October and November, and during these three months the attendance will undoubtedly equal, if not surpass, the entire number registered up to August 31st inclusive.

It is certainly a grand big show and one that no person with the means should miss. It is the opportunity of a lifetime in an educational way and one that will be taken advantage of by the great majority of the people of America before long. It is an object to which all Americans are proud of, and justify so.

On account of its unexcelled train service, both as regards equipment and accommodations the Louisville, Henderson & St. Louis Railway, better known as the Henderson Route, has carried the majority of Kentuckians to St. Louis and have beyond a doubt been more instrumental in contributing to the success of the Fair than any other railroad in this territory.

The Henderson Route is justly entitled to all the praise that is being showered on them, as their train service is unquestionably the finest operated in or out of Kentucky, and their schedule of trains is more nearly maintained than that of any other route.

For comfort in travel and for the best accommodations and safest train schedules there's but one thing to do at all times keep in mind—get the Henderson Route habit—and request this routing in purchasing your tickets.
